

Ethic Society of Tengger Tribe in Indonesia as a Nation Strength to Make Good Character to Advance Country

Authors : Dwi Yulian Fahrudin Shah, Salman Al Farizi, Elyada Ahastari Liunome

Abstract : Indonesia is a multicultural society. A wide variety of arts and culture spread throughout in all of part of Indonesia with natural appearance will cause the social behavior differentiation. Similarly, with Tengger people's lives also have different social behaviors that distinguish them from other ethnic groups spread across the Indonesian archipelago. Tengger tribe has an appropriate ethic to build nation character. If all the people of Indonesia who heterogeneous and multicultural can understand, and follow the example of ethical behavior of Tengger tribe, it will be a force in the development of the character of the nation in this modern and globalization era.

Keywords : Tengger tribe, national character, ethics society, Indonesia
