

Juvenile Justice in China: A Historical Approach

Authors : Xianlu Zeng

Abstract : China has undergone rapid economic growth over the last three decades. During this time, China-focused study has become one of the most popular areas of research. However, even though China has one of the oldest legal traditions in the world, there is limited research available regarding the development and operation of China's juvenile justice system. This article will provide general information about China's juvenile justice tradition along with a review of its reformation in 2013. A discussion is presented that provides some thoughts about how successful these reforms have been and where China may need to head.

Keywords : China, history, juvenile justice, legal traditions
