

## **Economic Approaches to Obtaining and Maintaining Quality, Sterile Drinking Water from Natural Waters Through the Use of Nanotechnological Membrane Systems**

**Authors :** George Bibileishvili, Manana Mamulashvili, Zaza Javashvili, Liana Ebanoidze

**Abstract :** Economic Approaches to Obtaining and Maintaining Quality, Sterile Drinking Water from Natural Waters Through the Use of Nanotechnological Membrane Systems

**Keywords :** membrane, filter, ultrafiltration, water

**Conference Title :** ICW 2023 : International Conference on Water

**Conference Location :** Istanbul, Türkiye

**Conference Dates :** September 25-26, 2023
