

## High-Quality Development in Zone France Enterprises: The Impact of Corporate Social Responsibility Practices in Madagascar

**Authors :** Tannek Marcel, Zhang Zenglian, Ibnath Naour Reeve, Jehiela Marcel

**Abstract :** This study investigates the impact of corporate social responsibility (CSR) information disclosure on the high-quality development of enterprises in the Zone France industry in Madagascar. The research explores the relationship between CSR information disclosure and enterprise development from both short-term and long-term perspectives. Findings reveal a positive correlation between CSR information disclosure and high-quality development, emphasizing the importance of integrating CSR practices into business strategies for sustainable growth and social welfare enhancement. The study underscores the significance of transparent and comprehensive CSR information disclosure in promoting accountability and sustainable business practices, offering valuable insights for stakeholders and businesses in the Zone France industry.
