

## **Problems Encountered in Teaching English as a Second Language in Asia**

**Authors :** Geraldine Agbor Ojong

**Abstract :** This paper conveys some of the problems teachers of ESL face in classroom settings in Thailand. The results of this paper is achieved through close and open ended questionnaires administered to a group of English language teachers of three prominent schools in Kaengkhroi, saraburi Province, Thailand.(Saengvithaya school, kaengkhroi school and Pytoon withaya school). Face to face interview of some foreign teachers and students selected randomly And general observation. The data was analysed by frequency distribution and percentage: The result of the study may be generalized so that the conference committee can suggest possible solutions or give contributing ideas on how to handle some of these problems.
