

Policy Innovation and its Determinants: A Literature Review

Authors : Devasheesh Mathur

Abstract : The presentation reviews the literature on the phenomenon of policy innovation. Policy innovation refers to a shift in the way policy is made or executed. The paper covers comprehensively on the definition and also the various types of policy innovations. The emphasis is on the antecedents or the determinants of innovation in policies. The author has then made an effort to discover the knowledge gap in the field of policy innovation so as to identify the future scope of research. The objective is to lend more clarity in the area of policy innovation and help in creating a framework for policy-makers as well as academics.

Keywords : literature review, policy innovation, determinants, antecedents
