

The Weights of Distinguished sl_2 -Subalgebras in D_n

Authors : Yassir I. Dinar

Abstract : We computed the weights of the adjoint action of distinguished sl_2 -triples in Lie algebra of type D_n using mathematical induction.

Keywords : lie algebra, root systems, representation theory, nilpotent orbits

Conference Title : ICMCS 2015 : International Conference on Mathematics and Computational Science

Conference Location : Bangkok, Thailand

Conference Dates : December 17-18, 2015
