

Role of Corporate Social Responsibility in Corporate Governance: Effectiveness of CSR in Human Rights

Authors : Md. Awal Hossain Mollah

Abstract : Corporate governance is playing a crucial role for ensuring social accountability and responsibility of business organization through Corporate Social Responsibility (CSR) for the last two decades. In Bangladesh, CSR is a growing and popular concept and a recent development. Various business and corporate organizations are playing crucial role for helping vulnerable sections of our society now. For instance, Dutch Bangla Bank has been providing scholarship for under graduate and graduate students in our country which is very helpful for promoting poor and meritorious students in Bangladesh. In this study, how far CSR is playing its role for ensuring human right in Bangladesh will be examined with specific case studies. The study focus will reflect on both developed and developing nations based on literature review and possible empirical evidence.

Keywords : CSR, corporate governance, social security, Bangladesh, scholarships, graduate students, Dutch angla Bank
