

Defense Strategy: Perang Semesta Strategy as a Reliable National Security System of Indonesia

Authors : Erdianta S, Chastiti M. Wulolo, IDK Kerta Widana

Abstract : Perang Semesta strategy is a national security system used by Republic of Indonesia. It comes from local wisdom, cultural, and hereditary of Indonesia itself. This system involves all people and all nation resources, and it is early prepared by government and conducted totality, integratedly, directly, and continuously to enforce a sovereignty of country, territorial integrity and the safety of the whole nation from threats. This study uses a qualitative content analysis method by studying, recording, and analyzing government policy. The Perang Semesta strategy divided into main, backup, and supporting components. Every component has its function and responsibility in security perspective. So when an attack comes, all people of Indonesia will voluntary to defend the country. Perang Semesta strategy is a national security system which becomes the most reliable strategy toward geography and demography of Indonesia.

Keywords : Indonesia, Perang Semesta strategy, national security, local wisdom
